

FORT WAYNE ASG MYSTERY QUILT FEBRUARY 2022

CLUE 2

1. Do NOT open your blocks to square up. Try the method in the video to square your blocks to $9\frac{1}{2}$ inches. (Half size: Square to $4\frac{1}{2}$ ") Squaring them before ironing open ensures that your triangle has the same amount of fabric on both sides so that your blocks match up easier when putting your quilt together. *See video!!!!*
2. **Note:** Lisa is showing how to square these blocks using the "Clearly Perfect Slotted Trimmer" ruler. You can also use either a $9\frac{1}{2}$ " or $4\frac{1}{2}$ " Square ruler and use it like Lisa shows in the video. If you have none of these rules, you can tape off a 12" ruler to $9\frac{1}{2}$ or $4\frac{1}{2}$ " size shape square.
