

# Infinity Scarf with Hidden Pocket

By Sue Ann Obremski

## Materials

2 yds Fabric (recommend a light weight cotton)(72" x 45" will yield 3 scarfs)

9" zipper to coordinate with fabric

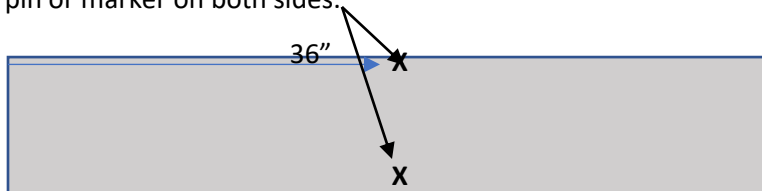

2 - 8" x 5" pieces of light weight cotton

## Directions:

Prewash the fabric and press.

Cut fabric to a 14" x 72" strip.

Measure down 36" from the short end and mark this point with a pin or marker on both sides.

This is where the zipper will be sewn in. Note: Now is the time to do any embellishing if you so desire.

Fold rectangle in half with the right sides together measuring 72" long x 7" wide. It now looks like a tube.

Pin the zipper to the scarf starting at the marker, the zipper tape edge to the edge of the scarf, stitch in place along the outer edge. Lay an 8" edge of pocket on top of the zipper. The zipper will be sandwiched between the scarf and the pocket. Using a zipper foot stitch together close to the zipper feet. Starting and stopping  $\frac{1}{2}$ " from the edge of the pocket.

After the one side is sew. Press.

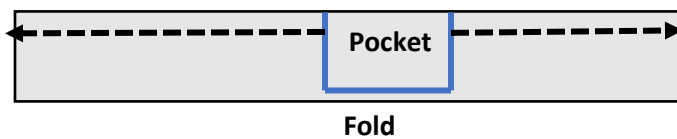

Repeat on the opposite side. Attaching the other side of the zipper to the other side of the scarf, using the second pocket material and the other side of the main fabric at the second marker. Press.

Open the zipper and pull pocket pieces out.

Adjust the 2 pocket pieces with right sides together and sides matching. Sew together along 3 sides, starting at one side by the zipper to the other side using a  $\frac{1}{4}$ " seam allowance.

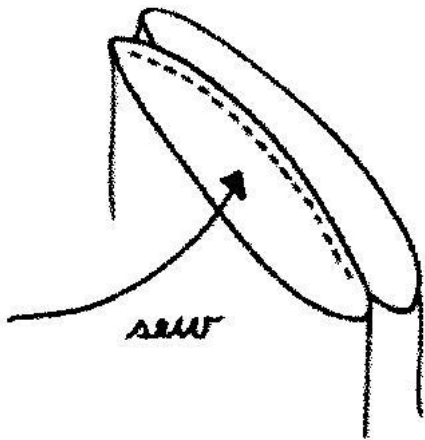

Leaving the zipper partially open match right sides of the scarf together forming a tube. Sew the tube together using  $\frac{1}{2}$ " seam allowance along the long side.. Starting at the zipper top to the tube end and then start at the zipper bottom to the other tube end.

The scarf is a tube with openings at each end.

Pin right sides of short ends together, matching at seam, sew together using a 1/2" seam allowance. Sew to about 2" from where you started. Sew the last 2" with zig zag or by hand, press seams.

Fun now you can go shopping hands free using pocket to hold necessities.

**ENJOY!!!!**
